RESOLUTIONS OF RESPECT.

Hall of Crab Orchard Lodge, No. 108, I. O. O. F., Jan. 18, 1899.

WHEREAS, It has pleased the All-wise Grand Master of the Universe to remove from our midst our beloved Bro. Past Grand George W. Bronaugh.

Be it, resolved 1. That in the death of Bro. Bronaugh this Lodge has lost one of its oldest and best members, the church and earnest and faithful follower of Christ, the medical profession one who has honored it, and the community a citizen whose influence has been wide spread; one whose name was a synonym for uprightness of character, gentleness and purity; an ideal man.

2. That we tender his family our sympathy in this their hour of bereavement.

3. That a copy hereof be sent to his family; that the same be spread on the minutes; also that the INTERIOR JOURNAL be requested to publish the action of the Lodge.

J. F. HOLDAM, G. W. DEBORD AND W. A. CARSON, COMMITTEE.

WHEREAS, It has pleased Almighty God in his Providence to remove from earth and its association our well beloved brother, Past Grand George H. McKinney, now be it,

RESOLVED, By Stanford Lodge, No. 156, I. O. O. F., that in the death of Bro. McKinney the Lodge loses one of its oldest and most zealous members, one who was ever loyal to our order and practiced its teachings. We remember with grateful affection the example of his life among us. As we cherish his memory may we strive to emulate an example which will preserve the purity of the order, maintain its teachings and extend the sphere of its influence. To the members of his family we as a Lodge extend our earnest sympathy and in this their hour of sorrow commend them to the unfailing goodness of a merciful God.

A. C. SINE, J. B. MERSON AND J. T. HARRIS, COMMITTEE.

ANSWERS ONE AND ASKS ANOTHER.

In your issue of Dec. 27 you published this: A is indebted to B \$5, B to C, C to D, D to E, E to F, same amount. A, B, C, D and E each have \$1 and no more, and consequently that can not pay their debt. They put their money all together. A takes the \$5, goes to B, pays his debt and gets his receipt. B does the same to C, C to D, D to E and E to F. A, B, C, D and E are out of debt, and F has the money. Who, if any one, is the loser?

Answer.—A made \$4 and each of the others, B, C, D and E lost \$1.

Now on a certain occasion a man walked into J. P. Thorel's shoe store in Louisville and bought a pair of boots at the price of \$7. The man handed Thorel a \$20 bill. Thorel stepped into the next door, W. S. Moore's store, and got change for the bill. Thorel gave the man the boots and \$13 in change. The man went off. Subsequently Moore came in and said the bill is counterfeit. Thorel had to make it good. Now how much did Thorel lose? J. BRIGHT.

THAT THROBING HEADACHE.

They make pure blood and strong nerves and build up your health. Easy to take. Try them. Only 25 cents. Money back if not cured. Sold by Penny, Drugist.

David Boone, of Columbus, O., worried over the illness of his wife and without means to buy medicine, cut his throat from ear to ear.

LANCASTER.

The Lancaster Hotel Company has incorporated and purchased Col. W. S. Miller's lot. The contract will soon be let and the large hotel and opera house will soon materialize.

Mr. I. C. Rucker has moved back to this city. Mr. John Edmiston is out again. Mr. and Mrs. R. L. Elkin are attending the fowl show at Louisville. Mr. Jacob Joseph has gone to Cincinnati to see his mother, who is very ill.

The supervisors are still in session and they are raising the assessment of property in several instances. One farmer objected to having his property raised and said that he would like to dispose of it at the assessed value, when Col. J. M. Higginbotham, one of the supervisors, said that he would take the property at that price. No trade was made, but such offers are made no more.

N. W. Harris & Co., of Chicago, sent Treasurer W. H. Kinnaird a draft for \$34,487 for the turnpike bonds. They wrote a letter to Capt. Wm. Herndon, who was employed by the county to assist Mr. Owsley in that matter, saying that the record was exceptionally complete and that everything was neatly and properly done. This speaks well for the attorneys and County Clerk Duncan.

Men and nations are like dogs, they have their day. The downfall of our nation is only a question of time. The greed for territory, the disregard for the fundamental principles of our institutions, the heavy expense attached and the conflicts with the interests of other nations will bring an end to our greatness as sure as reckless speculation will bring about individual destruction. We had better heed the English statesman who said: "Our colonies are as millstones about our necks. When they are weak they lean upon us and when they are strong they leave us."

Most of our citizens will remember the extremely handsome pair of pistols owned by Col. W. S. Miller while he resided in this city, which were said to be the finest in the country. The colonel showed me a letter from Maj. Gen. Fitzhugh Lee, acknowledging the tender of those weapons, to be used by him during his campaign in Cuba. The letter was written from Savannah, just before the general's departure, and Col. Miller retired the pistols to him by express to Havana. When returned they will have a history that will make them very valuable and they will be even more highly prized.

Collector and Treasurer E. W. Harris, says that there are 276 pupils attending the graded schools, 28 having entered since Jan. 1. Everything is moving smoothly and general satisfaction is expressed. It is pronounced the largest and best school in the country. Prof. Patterson and his able corps of teachers are praised for their efficient work. It is strange that some few hesitate about paying the tax to support this institution, as it invites immigration and does much for the culture and enlightenment of the community. They had better pay as it is, for nearly everybody is for the tax, and if the vote is taken again the rate will be increased 10 cents on the \$100 as the amount now collected is barely sufficient to pay the expenses.

The pond that was sunk on W. S. and R. A. Beazley's farm by a musk rat burrowing through to Sugar creek, has refilled with tepid water in which there are myriads of little fishes, the color and construction of which seem to have a prophetic significance. The large fishes are of a beautiful silver color and have a yellow and white eye. The smaller ones are as yellow as gold and have the same kind of eyes. The most remarkable part of the whole matter is the fact that their weights have the ratio of 16 to 1. This is regarded by the advocates of free silver as proof positive that their theory on the money question is correct and must prevail. The foolish things have certainly been chosen to confound the wise.

MATRIMONIAL MATTERS.

Mr. Sam Baldwin and Miss Margaret Noland, of Madison, eloped to Louisville and were married.

George Lawler and wife, aged 68 and 62, respectively, of Celina, Ind., are the proud parents of a baby girl born on the 15th inst. Their first and only child preceding this one was a daughter, born 43 years ago, and is a grandmother now of three children by two daughters.

Mr. and Mrs. Henry E. Woolfolk received a telegram from their daughter, Bessie, who has been visiting the family of Mr. H. P. Vass, in Mobile, Ala., announcing her marriage yesterday in Christ church, Mobile, to Mr. C. H. Peters, of Columbus, O. Mr. Peters has extensive mining interests in South America, which he and his bride will visit, sailing this week. Mr. and Mrs. Woolfolk left last night for Mobile to visit the bride and groom.—Danville Advocate. We congratulate the groom and old man Henry.

RELIGIOUS MATTERS.

Rev. Sam Smith continues to keep himself before the public, this time by taking the bankrupt law.

Elder Joseph Hallon will preach at Parksville on Saturday evening before and on the 3rd Sunday in each month this year, instead of the 1st Sunday, as formerly.

The Stanford, Turnersville and Mt. Xenia Christian Endeavor Societies will meet with the Hustonville Society at 6 P. M., Sunday week, 29th. An interesting program has been arranged.

Rev. and Mrs. S. M. Logan had their son, S. M. Jr., christened Tuesday by Rev. S. M. Rankin. Dr. J. V. Logan, the little fellow's grand father, was to baptize him, but he is sick. Mr. and Mrs. Logan have returned to Middlesboro.

Bishop Potter, before the board of bishops at New York, made the astounding statement that saloons are a social necessity under existing conditions. They provide a reasonable and legitimate place for relaxation for the great majority of men who can not afford to belong to clubs.

The prospects for a good wheat crop in Bourbon this year are excellent. The acreage is about the same as last year. R. B. Hutchcraft has bought 1,200 bushels of wheat from Jeff Vimont, of Millersburg, at 58c.—Paris News.

Richard Foley sold yesterday to Samuel Harding four acres of ground on the Cincinnati Southern railroad for \$1,500. W. E. and T. L. Banghman sold to Rev. J. M. Bruce 126 acres on the Lancaster pike for \$8,655. The land is unimproved.—Danville Advocate.

Speaking with regard to the sleet the Winchester Democrat says: The Scriptures assure us that "sinners stand in slippery places," hence the sinners have had the best of it during the last few days, as most of the righteous have fallen down.

Only about 800 cattle were on the Mt. Sterling market Monday. Owing to the high water a great many cattle were prevented from getting here. No first-class feeders on the market; best sold at 4.40; yearlings 4½ to 4¾; heifers, 3½ to 3¾; cows, 2½ to 3¾; bulls, 3c; canners, 14 to 2c. No buyers outside the State present, but all portions of Kentucky well represented.—Sentinel.

Congressman Clardy's request that the 3rd instead of the 4th be mustered out was refused on the ground that it came too late, and that the 3rd was the better of the two regiments for Cuban service. The 3rd has sailed for Matanzas.

The democratic opponents of the peace treaty have resolved to insist upon an amendment placing the Philippines on the same footing in their relation to the United States as Cuba, and to make a persistent fight if this concession is not granted.

There is one bit of history the Dispatch should get straight in its mind, and that is that John Whallen has been for years, and is today, the inveterate enemy of Joe Blackburn, and Blackburn considers him responsible more than any other man, for his defeat for the Senate, and does not hesitate to denounce him on all occasions.—Owensboro Messenger.

CRAB ORCHARD.

The Lambert Hotel and Beazley House are doing a splendid business.

The tent has arrived for the hoop factory and business in that line is quite lively. The manager, Mr. Duke, is an affable gentleman, much liked by all his workmen, and is giving employment to many families. The woods are being scoured far and near for poles, which are constantly being hauled from all quarters. Several car loads have been already shipped. We understand they will continue work until June.

QUESTION.—Have teachers in any Sunday School, who have only contributed during a year one-half the cost of bound lesson books, any right to take them from the fund contributed by the children to their Sunday School, to purchase for themselves such books? A certain church is owing a small debt, and some of its members think all surplus funds should be expended towards settling same, and teachers should provide themselves with whatever books they may need, further than the Sunday School supplies. By kindly answering this in Friday's INTERIOR you will oblige an inquirer.

THE INTERIOR JOURNAL

STANFORD, KY., - JAN. 20, 1899

W. P. WALTON.

MR. L. K. CONNER, private secretary for Congressman G. G. Gilbert, was here Wednesday to serve his answer to Davison's grounds and notice of contest. It embraces 15 type-written fool's cap pages and denies in the first place that Jackson was cut from the district to encompass his defeat and says he should not bring such a charge against the Legislature; that there were no illegal or unsigned ballots counted in Anderson, that the election was not held at any precinct in a house in which other business was conducted, and if it had there is nothing against it so being held in the statutes. The election officers were both republicans and democrats and there is no evidence that they counted unsigned or illegal votes. The territory of the district is as large as the 5th, 6th and 7th, is much larger than Delaware and twice the size of Rhode Island. It pays more taxes than the 1st, 3rd, 4th, 9th, 10th and 11th, has more counties than the 2d, 5th, 6th and 7th, cast more votes in 1898 than the 1st, 2d, 6th, 7th and 10th and has a larger citizenship than either. Davison does not claim any vote in Jackson and would deny the citizens of that county representation. The 8th is as large as when he was elected as when Davison was defeated and if the majority can not elect a Congressman, how can the minority do so? If the 8th is legally constituted, as Gilbert believes and avers, he claims his right to the seat in Congress. If it is not so constituted then neither is and no vacancy can be declared in a district that has no existence. Mr. Conner states that Mr. Gilbert has no fears of being unseated, satisfied that even a partisan tribunal can not find grounds for so outrageous an act.

THE trustees of the House of Reform met at Lexington Tuesday and let, after examining 12 other bids, a brick power house and a manual training building 40x200, also of brick, to Contractors Howard & Clark for \$27,954.75, the work to be completed by May 1st. The latter building is to be used as temporary quarters for the 135 juvenile convicts now in the penitentiary and the governor will be asked to furnish a number immediately to get the farm into shape for a crop. E. H. Doak, of Knoxville, Tenn., who was a long time connected with the Tennessee Industrial School, a model reformatory, was chosen superintendent and Dr. A. H. Stewart, late deputy warden at Frankfort, a care taker. The architect was instructed to prepare plans for two double cottages of a capacity of 50 persons each, which will be let if approved, at the next meeting in March.

It is gratifying to observe that the president ordered a court-martial to try Commissary General Eagan for abusive and violent language toward Maj. Gen. Miles, commanding the army. It is not so gratifying to note, however, that Secretary Alger has been instructed to form the court, as he is an inveterate enemy of Miles. The penalty for the offense is dismissal from the army, the president alone being able to save him from the sentence.

THE country can now resume its normal conditions and the people can go to work. Gov. Brown, after saying he would run for governor, has decided not to do so. There was not such a crying demand for him as he thought. One term of governor is all the constitution contemplates doubtless, whether considered consecutively or removed a term or two. At least the court of last resort, the people, construe it that way.

THE old man is getting in his work. Lt. Gov. Worthington pardoned the Associated Press, under indictment for failure to make returns to the auditor, as required by the corporation law, before the case came to trial. It is estimated that the State loses thousands of dollars by the action, unjustly or not we are not prepared to say, corporations often being pursued by the juries and courts very unnecessarily.

GOV. BRADLEY slipped out of Frankfort after installing Lt. Gov. Worthington in his place and is enjoying a visit far from the maddening crowd, where pardon petitions are unknown and the wicked cease from troubling. All who desire pardons now or fines remitted will draw near and they shall be heard. God save the Commonwealth.

THE editor of the Louisville Commercial takes double columns to tell what he knows, when single would more than suffice. The innovation of double column matter is an invention of the yellow journal, which ought to be shunned by respectable sheets. It is both unsightly and hard on the eye.

THE Hunter-Deboe crew has selected Attorney General Taylor as the lone lamb of the present administration for slaughter. The general has hardly sense enough to lead blind ducks to water, but he is a fair representative of the ignorant element of his faction of the republican party.

EAGAN says he or Miles one ought to be kicked out of the army. If the court martial ordered in his case for letting loose his sluice of billingsgate against the ranking general of the army does its duty, it won't take long for it to say which it shall be. The court will meet Jan. 25 and be composed of Maj. Gens. Wade, Butler and Young, Brig. Gens. Frank, Pennington, Radcliff, Kline and Combs, Col. Haines, Gillespie, Suter and Guenther and Lieut. Col. Davis. Maj. Gen. Merritt will be judge advocate.

THE republican party is the fosterer of trusts. In 1898, 93 were formed with a capital aggregating \$1,292,744,200. The Federal steel trust was the largest of the year, \$200,000,000.

It seems to be the impression that Gov. Brown saw the way the cat would jump and flew the track for governor. Goebel apparently has a lead pipe cinch on the nomination.

THE court of appeals has set Jan. 21 to consider the appeal of Tom Baker, under sentence of life for killing Sheriff White, of Clay. Baker is in jail here.

POLK MILLER, the finest delineator of Negro character before the public, will appear in his matchless role at Walton's Opera House, Jan. 27. Those who heard him here last year can tell those who didn't, what a splendid entertainment they missed.

SEVERAL sudden and mysterious deaths in Baxter county, Ark., are thought to be due to drinking "blind tiger" whisky. If that kind of stuff always had that effect, we would soon succeed in eliminating a very decided menace to morals and law.

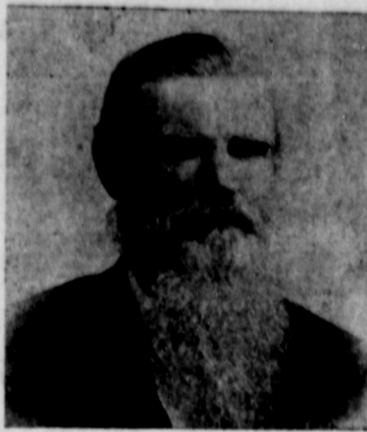

WHEN the management requested the ladies at the St. Plunkard entertainment at the Opera House Wednesday night to remove their hats, all except two or three married women, whose hair was doubtless uncombed, complied with gratifying alacrity, amid tremendous applause.

SPEAKING of Wm. Johnson, who ran off with Miss Susie Hamm, of Rowland, the Harrodsburg Sayings says after copying our item: The couple were in Harrodsburg last Thursday and took dinner at the Robinson House. The man claimed to be a phrenologist and asked for boarding but was refused. Chief of Police Smith got wind of him but before he could arrest the pair, they slipped quietly away.

WENT AFTER HIM.—Marshal Joe A. Shannon, of Crab Orchard, went to Louisville Tuesday to bring to the jail here John Haley, a former Crab Orchard boy, who is under indictment for stealing money from a man named Woodson while riding on the train with him. Postmaster Patton was on the boy's bond for his appearance next court, but for some reason grew uneasy and refused to longer remain his bondsman.

DEPAUW.—Another sudden death occurred Tuesday night. Mr. M. N. DePauw, of this county, familiarly known as "Bony," who had a slight attack of the grip, with little indication of a fatal result, breathed his last a few minutes after the doctor, who had been called, left him. He was 62 years old and as friends expressed it yesterday, "as clever a man as ever lived."

He was a leading member of the Christian church, to those teachings he was devoted. He was also a Mason and a Knight of Honor. Mr. DePauw was twice married, first to Miss Garvin, who had four children, James, Lizzie, and Lida, and Mrs. Nelson May. Some time after her death he married Miss Alice Dadds, who survives him. The funeral was held at Junction City Christian church yesterday at noon, after which the remains were taken to Danville for interment. Mr. DePauw's last visit to town was in the capacity of a juror and then he was the picture of health.

THE GOOD OLD DOCTOR.

BRONAUGH.—There was sadness depicted on every countenance when the word passed around that good old Dr. Bronaugh was dead, for few men were ever more generally beloved than he. Everybody loved him for his gentleness and kindly manner. He made each of his patients' cases apparently an individual and personal concern and was so tender and sympathizing in his attentions. Monday he went and came as usual, visited several patients and was seemingly in his usual good health. That night after a hearty supper and reading his Bible, as was his custom, he laid down, saying he felt a little tired. This was a little after 9 o'clock. His wife and niece, Miss Minnie Munday, were in his room, and when in a few minutes after he got in bed, he gave too short snores, Miss Munday, laughing said, as he had done so often before, "You can't fool us. We know you are not asleep so soon." Mrs. Bronaugh went to the bed immediately and was astounded to find that her husband of nearly 50 years was dead, death the doctors say having resulted from heart disease, with which he had been affected for years. Dr. Bronaugh was born in Jessamine county, near Nicholasville, Sep. 23, 1821, and graduated in medicine at the Transylvania University in March, 1843. Until 1851 he practiced his profession in his native county and then in Madison till the close of the war. March 25, 1851, he married Miss Mary E. Munday, of the latter county, who lives to mourn the loss of a loving and true husband. She bore him three children, R. H. Bronaugh being the only survivor. William dying in infancy, and Miss Annie, a lovely and beautiful girl, about 20 years ago. Just after the war, the doctor moved with his family to Crab Orchard, where he lived till 1874, when he came here and has since been one of our best citizens. A member of the Christian church his place in the sanctuary was rarely vacant. He not only professed, but practiced religion and his precepts and example will live long after his body has turned to dust. God and man say, "Well done, thou good and faithful servant." After a largely attended funeral discourse at the Christian church by Rev. F. W. Allen, the Odd Fellows, of which order he had long been a faithful member, took charge of the remains and consigned them to the tomb in the rapidly growing city on the hill.

KINDRICK.—Mrs. J. W. Alcorn, his only child, received a dispatch Tuesday evening announcing the somewhat sudden death of Judge J. S. Kindrick. He had been failing for a long time but his death was not thought to be so near at hand. Judge and Mrs. Alcorn and all their children left as soon as possible for Somerset, where the burial occurred yesterday. Judge Kindrick was a splendid old gentleman, possessing fully all the noble virtues of the men who made his native State famous. He was born in Russell county Va. Aug. 9, 1810, making him nearly 89 years old. At the age of 29 he came to Monticello, Ky., and clerked for Kindrick & Cecil, then the leading merchants of that section. In 1838 he moved to Somerset and became a member of the firm of Kindrick, Cecil & Kindrick. Having made a comfortable estate he retired from the mercantile business in 1852 and has since been a farmer, except a term as county judge of Pulaski, which he served in the 50s. His first wife, the mother of Mrs. Alcorn, was Miss Sophia Fox, daughter of Maj. Wm. Fox, for 40 years clerk of both courts of Pulaski. She died in 1841 and in 1865 he married Miss Kate Baltzelle, who survives him. Judge Kindrick was for many years a director in the Somerset banks and until he voluntarily retired on account of age and infirmity. A member of the Christian church, no man stood higher in its councils and no man ever lived and died in Pulaski with a cleaner record of scrupulous honesty and high Christian principles.

MISS LEWIS' SCHOOL.—At the close of her school at Ottenheim, Mrs. E. Schanzbach gave a pretty little entertainment in honor of Miss Georgia Lewis, who taught this school for two years, and some of her scholars. Miss Lewis played the guitar and she and the children, when singing "Birdies Ball," "Twenty Froggies" in English and "God be With You Till We Meet Again" in German. Everybody was astonished, how well the children had been educated and how nicely Miss Lewis had learned to speak and sing in the German tongue.
